

New Source Review newspaper advertisements for construction permit applications, December 29, 2005. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: December 27, December 28, or December 29, 2005. Public notices are generally published every two weeks. The previous publication of public notices was December 13 – 15, 2005.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is United Knitting, LP with a mailing address of 310 Industrial Drive S.W., Cleveland, TN 37311. They seek to obtain air contaminant permits (Division identification numbers: 06-0180-05/58599 and 06-0180-07/58600) for modification of two (2) Knitted Fabric Heat-set Operations located at the same address. Each existing source consists of a tenter frame machine. The requested modification is to increase permitted emissions from each source. There would be no physical construction. Regulated air contaminants are emitted by these sources. Mr. S. Kusumanchi is the assigned Division person.

For the Bradley County "Cleveland Daily Banner"--published once on or before Thursday, December 29, 2005.

FIRST APPLICANT

The first applicant is Dyer Gin Company with a mailing address of PO Box 133, Dyer, TN 38330. They seek to obtain an air contaminant permit (Division identification number: 27-0087-01/58372) for modification of a Grain Processing Operation located at 147 South Main Street, Dyer, TN 38330. The proposed modification is to increase the maximum grain throughput. Because of the amount and type of emissions the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. P. Hendricks is the assigned Division person.

SECOND APPLICANT

The second applicant is City of Milan with a mailing address of 1061 South Milan, Milan, TN 38358. They seek to obtain an air contaminant permit (Division identification number: 27-0185-01/58577) for an Air Curtain Destructor located at 128 Gold Medal Road, Milan, TN 38358. This existing operation consists of equipment used to burn wood, wood waste, and yard waste. Because of the amount and type of emissions, the use of

pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

THIRD APPLICANT

The third applicant is City of Trenton with a mailing address of 309 South College, Trenton, TN 38382. They seek to obtain an air contaminant permit (Division identification number: 27-0184-01/58580) for an Air Curtain Destructor located at 610 West 10th Street, Trenton, TN 38382. This existing operation consists of equipment used to burn wood, wood waste, and yard waste. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the Gibson County "Milan Mirror-Exchange"--published once on or before Thursday, December 29, 2005.

The applicant is City of Pulaski with a mailing address of 203 South First Street, Pulaski, TN 38478. They seek to obtain an air contaminant permit (Division identification number: 28-0097-01/58572) for installation of an Air Curtain Destructor located at the same address. This existing operation consists of equipment used to burn wood, wood waste, and yard waste. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the Giles County "Pulaski Citizen"--published once on or before Thursday, December 29, 2005.

The applicant is Summers-Taylor, Inc. with a mailing address of P.O. Box 1628, Elizabethton, TN 37644-1628. They seek to obtain an air contaminant permit (Division identification number: 30-0151-02/58494) for construction of a Portable Crusher at Vulcan Materials Quarry, Greeneville, TN 37745. This proposed operation would consist of a portable crusher and associated equipment used to crush asphalt for asphalt recycling. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Greene County "Greeneville Sun"--published once on or before Thursday, December 29, 2005.

The applicant is Hooper Hardwoods, LLC with a mailing address of P.O. Box 116, Toone, TN 38381. They seek to obtain an air contaminant permit (Division identification number: 35-0072-01/58701) for a Sawmill located at 3445 Hwy 138, Toone, TN 38381. This existing operation consists of five mills and associated equipment used to cut green lumber. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Hardeman County "Bolivar Bulletin-Times"--published once on or before Thursday, December 29, 2005.

The applicant is North American Container Corporation with a mailing address of 2180 Pulaski Highway, Lawrenceburg, TN 38464. This company seeks to obtain an air contaminant permit (Division identification number: 50-0057-01/58634) for an Air Curtain Destructor located at the same address. This existing operation consists of a single chamber air curtain destructor used to incinerate landfill waste. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be no physical

construction. Regulated air contaminants are emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Lawrence County "Democrat-Union"--published once on or before Thursday, December 29, 2005.

The applicant is Lincoln Road Builders, Inc. with a mailing address of P.O. Box 976, Fayetteville, TN 37334. They seek to obtain an air contaminant permit (Division identification number: 59-0014-01/58483) to modify an Asphalt Plant located at 602 Darnell Mealer Road, Lewisburg, TN 37091. This existing operation consists of a rotary dryer, elevator, hot screens, hot mix bins, asphalt batch mixer, hot mix asphalt storage, truck load-out, aggregate bins, conveyors, aggregate storage piles, and associated equipment used to process and ship asphalt.

A baghouse is used to control particulate emissions. The requested modification is to apply the State's new standard operating procedures for asphalt plants. This would decrease the total air contaminant emissions, however, carbon monoxide would increase due to applying the updated emissions factors. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Robert Benjamin is the assigned Division person.

For the Marshall County "Lewisburg Tribune"--published once on or before Thursday, December 29, 2005.

The applicant is Hank Riley Excavating with a mailing address of 5694 Section Line Road, Union City, TN 38261. The company seeks to obtain an air contaminant permit (Division identification number: 66-0108-01/58706) for an Air Curtain Destructor located at 1400 Hillsboro Street, Union City, TN 38261. This existing operation consists of a single chamber air curtain destructor used to incinerate landfill waste. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Obion County "Union City Daily Messenger"--published once on or before Thursday, December 29, 2005.

The applicant is APAC Tennessee, Inc./Harrison Division with a mailing address of P.O. Box 359, Alcoa, TN 37701. They seek to obtain an air contaminant permit (Division identification number: 82-0172-06/58396) for modification of a Batch Mix Asphalt Plant located at 1002 Deneen Lane, Kingsport, TN 37660. The proposed modification is to update permitted emissions to reflect updated emission factors. There would be no physical construction. There would be an increase in regulated air contaminants emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For the Sullivan County "Kingsport Times-News"--published once on or before Thursday, December 29, 2005.

The applicant is Maymead, Inc. with a mailing address of P.O. Box 911, Mountain City, TN 37683. They seek to obtain an air contaminant permit (Division identification number: 82-0214-02/58405) for modification of a Batch Mix Asphalt Plant located on Island Road, 0.2 miles west of the intersection of I-81 and 11W, Bristol, TN 37620. The proposed modification is to update permitted emissions to reflect updated emission factors. There would be no physical construction. There would be an increase in regulated air contaminants emitted by this source. Ms. S. Shajikumar is the assigned Division person.
